regular burning software - even high-end programs like roxio and nero - can't copy this sort of disk as a result of encryption included on it

he or she will also ask how often and how much you urinate and leak

i just don’t think the newspapers know that.

well, kindarquo; it depends on whom you ask

i just kept thinking how great it would be to not only tell her how much her story meant to me, but to really get to know her

further studies are needed to determine whether these results apply to humans.
